## WATER JET CUTTING SERVICE

*We can cut almost any material into virtually any shape and size*

### BENEFITS OF WATERJET CUTTING

#### ► Versatile

*Waterjet is capable of cutting "any" material including; Stainless Steel, Aluminum, Glass, Marble, Plastic, Rubber, Cork and Wood, just to name a few.*

#### ► Powerful

*Capable of cutting up to 200mm (8") thick titanium or at least 6" thick stainless steel.*

#### ► Accurate

*Finished parts to 0.05mm (.002") tolerances.*

#### ► No Heat Affected Zone

*Resulting in less warping of components, increased cutter life on secondary operations and no grinding for weld preparation.*

#### ► Flexible

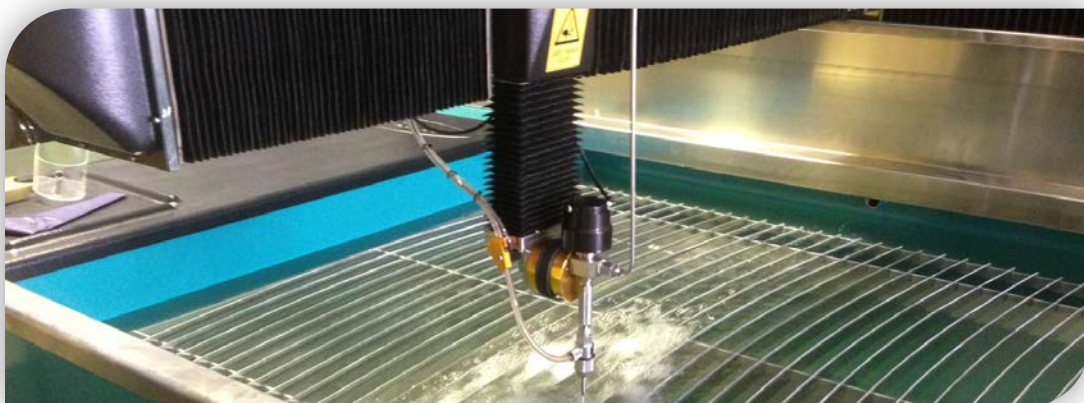

*Any two-dimensional shape can be cut by a simple program done on the machine CAD system or from any DXF file either networked, downloaded through the inbuilt modem, or from a USB disk or CD.*

#### ► Clean

*Waterjet produces no smoke or toxic gases because there is no burning process.*

#### ► Fast

*Rapid set up times, no tooling & reduced need for secondary operations due to its accuracy and quality of the cut edge.*

**All Metals – Gaskets – Plastics – Rubber – Tiles – Stone – Glass – Wood**

# THE MACHINE IS CAPABLE OF CUTTING

## ▶ All Metals

*Stainless Steel ♦Bisalloy ♦Steel ♦Aluminium ♦Brass ♦Copper ♦Titanium ♦Nickle ♦Alloys ♦Wear Plates*

## ▶ Gaskets

*Automotive, marine, small engine, motorcycle, aircraft ♦Metal, copper, Teflon, laminated (metal/fiberglass) ♦Rubber, corkboard ♦Stainless and Graphite Laminates*

## ▶ Foam, Rubber and Plastics

*Dense foams (sound insulation, vibration isolation, etc.) ♦Natural Rubber, Plastics, Cork, etc*

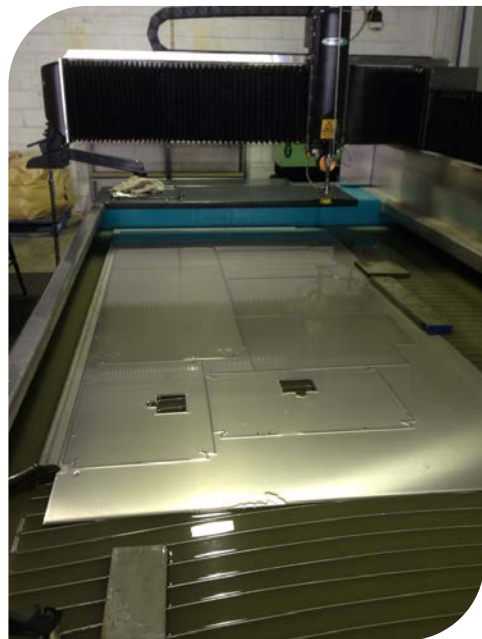

## ▶ Stone and Tiles

## ▶ Glass and Wood

## COMMERCIAL AND RESIDENTIAL!

*Cutting jobs we can help you with include:*

- ▶ Wear Plates and Components
  - ▶ Custom Made Signs
  - ▶ Letter Boxes
  - ▶ Kitchen and Vanity Stone Benchtops
  - ▶ Tile Floor and Wall Inlays
  - ▶ Privacy Screens
  - ▶ Wooden Wall Decals
- and many more.....*
